Subject: Administrative Modification #30 to 2009 FTIP (Type 1 Amendment)

Dear Mr. Aljabiry:

The Stanislaus Council of Governments (StanCOG) Policy Board has authorized its Executive Director to approve Administrative Modification #30 to StanCOG's 2009 Federal Transportation Improvement Program (FTIP). The purpose of this letter is to notify Caltrans, FHWA, and FTA that an administrative modification has been authorized and approved. A summary of changes to projects listed in the 2009 FTIP is attached as well as each project's corresponding CTIPS page.

Modifications included in this Administrative Modification meet the criteria identified in the letter issued by FHWA on November 17, 2008, regarding revised Federal/Statewide Transportation Improvement Program Modification Procedures. Per these "Procedures", StanCOG is issuing "minor" changes related to project cost, selection or programming that do not interfere with the timely implementation of any approved Transportation Control Measure (TCM) project. None of the project modifications within this amendment require a re-determination of the air quality conformity analysis. Administrative Modifications to the FTIP used in lieu of Formal Amendments are not subject to FHWA approval.

Administrative Modification #30 modifies the following projects:

Caltrans

- **SHOPP Lump Sum (CTIPS Id. 214-0000-0380) -** Increase SHOPP FY 10/11 Construction funding allocation by \$4,000,000, an increase of 22% of the total project cost. This is for SHOPP Rehab Project, EA 10-0M800K (PPN0: 0283).

City of Riverbank

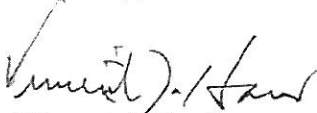

- **Traffic Signal (CTIPS ID. 214-0000-0406)** - Move CMAQ (\$561,000) and Local Match (\$73,000) Construction Funding from FY 09/10 to FY 10/11. There is zero percent change in project cost.

Various Agencies

- **RSTP Lump Sum (CTIPS 214-0000-0302)** - Move FY 10/11 and FY 11/12 RSTP funding from PE to Construction Phase.

If you have any questions regarding this document, please contact me directly at (209) 525-4600.

Sincerely,

Vincent J. Harris
Executive Director
